

## **ACES WEEKLY LATEST!**

*Award-winning Aces Weekly brings you top talent from across the globe in an exclusively online weekly comics magazine from David Lloyd – the guy who brought you **V For Vendetta!***

We're just a few weeks into February, but Spring's definitely in the air and gushing and gurgling from the fountain of new life flowing into **Aces Weekly, Volume 38...**

First up to reveal is the welcome return of the superb Portuguese creator, **Carlos Pascoa**, with the second part of his dark tale about a terrible sacrifice made to save an innocent, in **The Deal 2...**

And, as **The Kid Who Would Be King** occupies cinema screens all over, our multi-volume adventure from **Jok** and **Santullo** that spins brilliantly from the same popular legend, concludes in **Merlin and Hector : Excalibur...**

**Mal Earl** reveals his thoughts on the world in a profound, experimental, and fascinating series of observations in **Jigsaw...**

Plus we feature one of the toughest strips we've ever presented in our pages, from **Marco Natoli** and **Daniele Presicce** : the full story of the work we previewed in Volume 35 describing the grim plight of the child soldier in Africa,  
**The Hyena Man...**

**Chris Geary** gives us a new heroine to add to the extraordinary cast of characters he's created and blessed us with in  
**Serrag : Attack On Blood Pyramid...**

And regular penmaster, **Jok**, combines his skills with **Alejandro Farias** on a chilly short that's all about facing up to life's reality in, **Acceptance...**

Plus, **Phil Whitmore**, **Bambos Georgiou**, and **Mychailo Kazybrid**, give us more to be stunned by in a further yarn about the space adventurer who's flashier than Flash Gordon, in **Mister Custa : Face Swap!**

And **Ryan Taylor** comes back to us with our favourite character amongst ALL of our characters, the marvellous child of **Grace's Imaginary Menagerie...**

**Aces Weekly** is a non-paper ( we just don't need it ) comic art magazine of up to **150 pages** , which is exclusively designed for tablet, laptop, desktop, and **smart tv**, and goes directly to subscribers in 7 weekly parts for just **£1 per week**, in any currency!

Freedom from the unnecessary expenditure of print, distribution and retail, means we can publish at a lower cost, charge less for our product than a paper equivalent, and give a much greater percentage of income from our sales to our creators than a paper product of equal content.

Whenever and wherever you're connected, we're at your service at the touch of a button, with original serials, short stories, and heaps of Extras, from the planet's top talent!
